## SOURCEPASS™

Sourcepass is a leading provider of cybersecurity and managed services, dedicated to delivering innovative solutions that enhance operational efficiency and client satisfaction. Our commitment to excellence and cutting-edge technology like AI and RPA ensures that we remain at the forefront of the industry, transforming businesses through innovation and exceptional support.

Sourcepass has specialty divisions to offer advanced solutions and expertise: MCOE, GOV, and ERP.

### SOURCEPASS™ MCOE

CENTER OF EXCELLENCE FOR MICROSOFT

Our dedicated MCOE helps clients maximize their Microsoft investments with:

- Proactive assessments on security, compliance, and licensing
- Strategic roadmaps aligned with business goals
- Seamless support across Azure, Microsoft 365, Copilot, Defender, and hybrid environments
- Ongoing education and enablement to keep businesses ahead of the curve

### SOURCEPASS™ GOV

Our GOV division supports school districts, municipalities, and public sector organizations across the U.S., guided by a team of experts with 40+ years of experience addressing the unique challenges of the public sector.

We understand the complexities of procurement, compliance, and budgeting in government and education environments—and we tailor our services to meet those distinct needs.

### SOURCEPASS™ ERP

Sourcepass Infinity offers a comprehensive range of ERP business software and consulting services supporting the Microsoft Dynamics 365 and Dynamics GP software platforms.

Focused on Microsoft Dynamics, our Infinity practice helps mid-market companies modernize operations through expert implementation, integration, and support.
